Comments:

I liked the mix of "planned" for all and individual needs target.

4. What was your overall experience of the workshops?

Was good - day one felt a little overwhelming but it got better!!!
positive, although I did need to ask for help a lot.
Very interesting and good insight into blogging.
Very good, great group - I like the atmosphere in the environment. Felt sorry for the facilitators with regards to the projector and screen.
Very good, once got used to how blogger worked it was fun!
Helpful, interesting and very well taught
I started off feeling a bit unsure of what I was doing and how I was supposed to be doing it, however by the end of the workshop I was feeling much more confident and think that I could probably talk basic blogging with others.
All good.

5. What would you change for the future?

Have a follow up night further down the track to cover the things that we are bound to think of as soon as we have got home tonight!!

Nothing.

More time to play - 6 hours not enough!!!

Maybe refer to the workbook more, also I am unsure relevance of google reader - although I can see its benefits.

Nil
